

Medina United Methodist Church Trustee Work Order Request

The volunteer trustee committee members have the responsibility to oversee the maintenance and improvements to the MUMC building and property (real and personal). If you find something that is need of repair or have a request that involves church property, please notify the Trustee Ministry by completing and submitting the form below and turn it in to Mary, the church Administrative Assistant.

Be as detailed and specific as possible in the description of the issue. We want to keep our church in the best condition possible. You may be the first to spot a maintenance need, so your input is greatly appreciated. Someone will get back to you as soon as possible.
